Tell us AT ONCE if you believe your card and/or Security Information has been lost or stolen, or if you believe that an electronic fund transfer has been made without your permission using information from your check. Telephoning is the best way of keeping your possible losses down. You could lose all the money in your Account (plus your maximum overdraft line of credit, if any). If you tell us within 2 business days after you learn of the loss or theft of your card and/or Security Information, you can lose no more than \$50 if someone used your card and/or Security Information without your permission.

If you do NOT tell us within 2 business days after you learn of the loss or theft of your card and/or Security Information, and if we can prove we could have stopped someone from using your card and/or Security Information without your permission if you had told us, you could lose as much as \$500.

Also, if your statement shows transfers that you did not make, including those made by card, Security Information or other means, tell us at once. If you do not tell us within 60 days after the statement was mailed to you, you may not get back any money you lost after the 60 days if we can prove that we could have stopped someone from taking the money if you had told us in time. If a good reason (such as a long trip or a hospital stay) kept you from telling us, we will extend the time periods.

Electronic Fund Transfers Initiated by Third Parties

You may authorize a third party to initiate electronic fund transfers between your Account and the third party's Account. These transfers to make or receive payment may be one-time occurrences or may recur as directed by you. These transfers may use the Automated Clearing House (ACH) or other payments network. Your authorization to the third party to make these transfers can occur in a number of ways. For example, your authorization to convert a check to an electronic fund transfer or to electronically pay a returned check charge can occur when a merchant provides you with notice and you go forward with the transaction (typically, at the point of purchase, a merchant will post a sign and print the notice on a receipt). In all cases, these third party transfers will require you to provide the third party with your Account number and financial institution information. This information can be found on your check as well as on a deposit or withdrawal slip. Thus, you should only provide your financial institution and account information (whether over the phone, the internet, or via some other method) to trusted third parties whom you have authorized to initiate these electronic fund transfers. Examples of these transfers include, but are not limited to:

- **Electronic check conversion.** You may authorize a merchant or other payee to make a one-time electronic payment from your checking Account using information from your check to pay for purchases or pay bills.
- **Electronic returned check charge.** You may authorize a merchant or other payee to initiate an electronic funds transfer to collect a charge in the event a check is returned for insufficient funds.
- **Preauthorized credits.** You may make arrangements for certain direct deposits to be accepted into your checking, money market or savings Account(s).
- **Preauthorized payments.** You may make arrangements to pay certain recurring bills from your checking, money market or savings Account(s).

FEES

Unless indicated elsewhere in this disclosure, in our Fee Schedule, or in our Online Banking Agreements, we do not charge for Electronic Fund Transfers.

CONFIDENTIALITY

We will not disclose any information to third parties about your Accounts or the transfers you make except:

- where it is necessary for completing transfers, or
- in order to verify the existence and condition of your Account for a third party, such as a credit bureau or merchant, or
- in order to comply with government agency or court orders, or
- if you give us your written permission, or
- as otherwise explained in the privacy policy you were provided in connection with your Account(s).

DOCUMENTATION

- **Terminal Transfers.** You can get a receipt at the time you make any transfer to or from your Account using an ATM or point-of-sale terminal. You may not get a receipt if the amount of the transfer is \$15 or less.
- **Preauthorized Credits.** If you have arranged to have direct deposits made to your Account at least once every 60 days from the same person or company, you can call us at the telephone number listed in this disclosure to find out whether or not the deposit has been made.
- **Periodic Statements – Checking or Money Market Accounts.** You will get a monthly Account statement.
- **Periodic Statements – Savings Accounts.** You will get a monthly Account statement unless there are no transfers in a particular month. In any case you will get the statement at least quarterly.

PREAUTHORIZED PAYMENTS

Right to stop payment and procedure for doing so. If you have told us in advance to make regular payments out of your Account, you can stop any of these payments. Here's how:

Call or write us at the telephone number or address listed in this disclosure, in time for us to receive your request 3 business days or more before the payment is scheduled to be made. If you call, we may also require you to put your request in writing and get it to us within 14 days after you call. We will charge you for each stop-payment order you give according to our current fee schedule.

Notice of varying amounts. If these regular payments may vary in amount, the person you are going to pay will tell you, 10 days before each payment, when it will be made and how much it will be. You may choose instead to get this notice only when the payment would differ by more than a certain amount from the previous payment, or when the amount would fall outside certain limits that you set.

Liability for failure to stop payment of preauthorized transfer. If you order us to stop one of these payments 3 business days or more before the transfer is scheduled, and we do not do so, we will be liable for your losses or damages.

Bill Payments. Your ability to stop payments initiated using our Bill Payment service is also subject to the terms and conditions of our Bill Payment service.

FINANCIAL INSTITUTIONS LIABILITY

If we do not complete a transfer to or from your Account on time or in the correct amount according to our agreement with you, we will be liable for your losses or damages. However, there are some exceptions. We will not be liable, for instance:

- If, through no fault of ours, you do not have enough money in your Account to make the transfer.
- If the transfer would go over the credit limit on your overdraft line.
- If the automated teller machine where you are making the transfer does not have enough cash.
- If the terminal or system was not working properly and you knew about the breakdown when you started the transfer.
- If the transfer is restricted or prohibited by law.
- If circumstances beyond our control (such as fire or flood) prevent the transfer, despite reasonable precautions that we have taken.
- There may be other exceptions stated in our agreement with you.

ATM FEES

When you use an ATM not owned by us, you may be charged a fee by the ATM operator or any network used (and you may be charged a fee for a balance inquiry even if you do not complete a fund transfer).

ERROR RESOLUTION NOTICE

In Case of Errors or Questions About Your Electronic Transfers, call or write us at the telephone number or address listed in this disclosure as soon as you can, if you think your statement or receipt is wrong or if you need more information about a transfer listed on the statement or receipt. We must hear from you no later than 60 days after we sent the FIRST statement on which the problem or error appeared.

- (1) Tell us your name and Account number (if any).
- (2) Describe the error or the transfer you are unsure about, and explain as clearly as you can why you believe it is an error or why you need more information.
- (3) Tell us the dollar amount of the suspected error.

If you tell us orally, we may require that you send us your complaint or question in writing within 10 business days.

We will determine whether an error occurred within 10 business days (5 business days if the transfer involved a point-of-sale transaction and 20 business days if the transfer involved a new account) after we hear from you and will correct any error promptly. If we need more time, however, we may take up to 45 days to investigate your complaint or question. If we decide to do this, we will credit your Account

within 10 business days for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your Account. For errors involving new Accounts, point-of-sale, or foreign-initiated transactions, we may take up to 90 days to investigate your complaint or question. For new Accounts, we may take up to 20 business days to credit your Account for the amount you think is in error. We will tell you the results within three business days after completing our investigation. If we decide that there was no error, we will send you a written explanation. You may ask for copies of the documents that we used in our investigation.

CURRENCY CONVERSION AND INTERNATIONAL TRANSACTIONS - Visa®

When you use your Visa Debit Card at a merchant that settles in currency other than in U.S. dollars, the charge will be converted into the U.S. dollar amount. The currency conversion rate used to determine the transaction amount in U.S. dollars is either a rate selected by Visa from a range of rates available in wholesale currency markets for the applicable central processing date, which rate may vary from the rate Visa itself receives, or the government-mandated rate in effect for the applicable central processing date. The conversion rate in effect on the processing date may differ from the rate in effect on the transaction date or the posting date.

Visa USA charges us a 1% International Service Assessment fee on all international transactions, regardless of whether there is a currency conversion. The charge for the International Service Assessment is disclosed separately on your statement. An international transaction is a transaction where the country of the merchant is outside the USA.

ADVISORY AGAINST ILLEGAL USE

You agree not to use your card(s) for illegal gambling or other illegal purpose. Display of a payment card logo by, for example, an online merchant does not necessarily mean that transactions are lawful in all jurisdictions in which the cardholder may be located.

TERMINATION (Minnesota Cards Only)

We reserve the right to amend any terms in this disclosure and to terminate your card privileges upon notice to you as may be required by applicable law upon giving written notice to you within a reasonable period of time in advance of the effective date of the amendment or termination. You may terminate your card privilege by notifying us and returning your card.

TIME NEEDED TO COMPLETE TERMINAL TRANSACTIONS (Minnesota Cards Only)

Withdrawals made at a terminal will normally be completed and charged to your Account on the business day it was completed. Transfers between Accounts will normally be completed on the same business day it was completed, if the ATM is owned by us. Transfers completed at ATMs owned by others may take longer.

POINT-OF-SALE TRANSACTIONS (Minnesota Cards Only)

Payments for goods or services made in this manner shall not affect any of the rights, protections, or liabilities in existing law concerning a cash or credit sale made by means other than through the use of a terminal. You cannot reverse a point-of-sale transaction.
